

WHAT IS A TRUSTEE?

Trustees serve as members of the governing body of Florida House to ensure we are meeting our goals. There are currently more than 100 Trustees affiliated with a chapter in a Florida city or Washington, D.C. who collaborate on Committees and Task Forces to enhance our mission. Trustees are invited to renew their commitment to Florida House each year and we are proud to have many who serve for 10 or more years.

NON-PARTISAN

As a non-profit organization, we receive **no state funding** and remain a non-partisan space where all are welcome, regardless of political affiliation.

HOSPITALITY

Florida House welcomes more than 10,000 guests per year, connecting visitors both from Florida and across the country, plus is a convenient location for corporate events.

EDUCATION

We build future champions for Florida through a unique in-person, paid internship program in our Nation's Capital. We also engage visiting school groups in dynamic civics workshops that build upon their classroom learning and connect Florida to D.C.

ARTS & CULTURE

We celebrate our unique culture with dynamic rotating art exhibits, book clubs, and hosting Florida-centric events such as National Orange Juice Day.
